

國立中央大學全校環境消毒公告

National Central University Environmental anti - mosquito measures Notice

2023/09/08

時 間：112 年 9 月 14 日上午 8：00～17：30

Anti- mosquito measures time: SEPTEMBER 14th , 2023 8:00 a.m. to 17:30 p.m.

消毒原由及範圍 (Reasons and range of anti- mosquito measures)：

由於天候漸漸高溫炎熱，恐使大量病媒蚊孳生，擬針對全校戶外公共區域陽光照射不到之陰暗角落、水溝（含各館舍屋基周邊）及緊鄰本校西北側外圍之排水溝渠，進行消毒防治工作，**施工期間有藥劑警示味道，請各館舍暫時將窗戶關閉，造成不便，敬請見諒。**

請各館舍確實執行「巡、倒、清、刷」，如有積水情形應立即清除，以阻絕病媒蚊孳生及登革熱。

The gradually increasing high temperature may cause a large number of vector mosquitoes to breed. It is planned to anti- mosquito measures for the dark corners and the gutterways of the outdoor public areas, including the periphery of all the buildings, and the drainages adjacent to the western side of the campus. During the construction period, There may produce unpleasant smells. Please all the buildings close windows temporarily. Apologize for the inconvenience.

Please ensure that each building carries out "patrol, overturn, clean, and scrub" measures diligently. If there is any stagnant water, it should be promptly removed to prevent the breeding of disease-carrying mosquitoes and dengue fever
